

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

WHEREAS, The unrelenting hand of death has again been felt in our midst and since our last meeting has removed one of our honored members:

Resolved, That in the death of the Hon. William O. Cadwallader this board has lost a conscientious member, the public a painstaking official and his friends, one of the greatest of earthly blessings—a true brother. Ripe in the years which had brought to him that knowledge of men and things which make the personality that influences and advances the common welfare, our departed member was one whose life and deeds must needs have left their impress. True to his country, true to his family and true to himself, words or phrases uttered by us cannot make greater the monument he himself built.

Deploring the loss which fell upon his people and his family, we cherish his memory.

“Rest from thy labor, rest
Soul of the just set free,
Blest be thy memory, and blest
Thy bright example be.”

Resolved, That these resolutions be spread upon the minutes of this board, and that a copy be sent to the bereaved family.

Mr. Scully, chairman of the Committee on Equalization of Personal Property, presented the following report from said committee, which lays over 48 hours under rule 23:

SPRINGFIELD, ILL., Dec. 6, 1904.

To the Honorable State Board of Equalization:

GENTLEMEN—Your Committee on the Equalization of Personal Property respectfully reports the result of its labors as embraced in the accompanying tables, which are made a part of this report.

We have ascertained the rate per cent of addition to or deduction from the assessed value of personal property in each of the several counties of this State to bring the same to the State average.

We have considered the relative value of personal property in each county and it is the opinion and judgment of this committee that the personal property in the various counties in the State should remain as assessed by the local assessors and county boards of review, believing said assessed values to be just and equitable as between the several counties of the State.

We, therefore, recommend that no addition to or deduction from the assessed value of personal property in any of the counties be made, in order that an equalization by this board may be maintained.

Respectfully submitted,

THOMAS F. SCULLY Chairman.
JACOB H. HOPKINS,
GEO. F. MCKNIGHT,
WM. KELLS,
FRANK P. MARTIN,
LOUIS D. HIRSHEIMER,
GAINES GREENE,

Committee on Equalization of Personal Property.

Statement Accompanying and made part of the Report of the Committee on the Equalization of Personal Property.

Mr. Dillon, chairman of the committee on Equalization of Lands, presented the following report from said committee, which lays over 48 hours under rule 23:

SPRINGFIELD, ILL., Dec. 6, 1904.

To the Honorable State Board of Equalization:

GENTLEMEN—Your Committee on the Equalization of Lands would respectfully submit to you the result of its labors as contained in the following tables

Table "A" shows the classification of counties, the classified value per acre, the assessed value per acre, the per cent of addition or deduction and the equalized value per acre in each county.

Table "B" shows the total assessed value of lands, the per cent of addition or deduction, the amounts added or deducted, the total equalized value of lands in the several counties of the State for the year 1904.

Your committee would state that it has made such classification of counties as, in its best judgment, was necessary to a just and proper equalization of such counties, and in doing so it has obtained a deficit of \$15,709,005, which it would respectfully place at your disposal.

Respectfully submitted,

MOSES DILLON, *Chairman.*

LOUIS D. HIRSHEIMER,

T. S. ROGERS,

JAMES T. TARTT,

W. A. WALL,

U. J. ALBERTSEN.

THOMAS F. SCULLY,

Committee on Equalization of Lands

Mr. Hopkins, chairman of the Committee on General Equalization, presented the following report from said committee:

SPRINGFIELD, ILL., Dec. 14, 1904.

To the Honorable State Board of Equalization:

GENTLEMEN—Your Committee on General Equalization, to whom was referred the reports of the Committees on the Equalization of Personal Property, Town and City Lots, Lands, and Railroad Property, assessed in the various counties, respectfully reports the result of its work in the following tables, viz:

Table "A" shows the assessed value, the rate per cent added and deducted, the amount added and deducted and the equalized value of each class of property assessed in counties, other than railroad property.

Table "B" shows the assessed value, the rate per cent added and deducted, the amount added and deducted and the equalized value of each class of property belonging to railroads which was assessed in counties.

Table "C" shows the rate per cent of addition to or deduction from the assessed value of each class of property other than railroad property.

Table "D" shows the rate per cent of addition to or deduction from the assessed value of each class of railroad property assessed in counties.

We recommend that the rates per cent, as set forth in tables "C" and "D," be adopted by the board as producing equalization in the several counties in the State for the year 1904.

Respectfully submitted,

JACOB H. HOPKINS, *Chairman.*

JAMES T. TARTT,

JOHN J. MCKENNA,

J. W. YANTIS,

W. A. WALL.

The following members responded to their names on call of the roll:

Messrs. Albertsen, Barnes, Burke, Cadle, Dillon, Greene, Hirsheimer, Hopkins, Kells, Marsh, Martin, McComb, McKenna, McKnight, Rogers, Scully, Tanner, Tartt, Wall and McCullough.

Minutes of previous meeting were read and approved.

On motion of Mr. Wall,

The board adjourned for committee work.

WEDNESDAY, DECEMBER 21, 1904.

Board met at 9:00 a. m.

Mr. McCullough in the chair.

The following members responded to their names on call of the roll:

Messrs. Albertsen, Barnes, Burke, Cadle, Cruttenden, Dillon, Greene, Hirsheimer, Hopkins, Kells, Marsh, Martin, McComb, McKenna, McKnight, Rogers, Scully, Tanner, Tartt, Wall, Yantis and McCullough.

Minutes of previous meeting were read and approved.

On motion of Mr. Wall,

The board took a recess until 11:00 o'clock this a. m.

WEDNESDAY, DECEMBER 21, 1904—11:00 O'CLOCK A. M.

At the close of the recess the board was called to order by the chairman.

Mr. Barnes, chairman of the committee on Assessment of Capital Stock of Corporations other than Railroads, presented the following report from said committee:

SPRINGFIELD, ILL., Dec. 21, 1904.

To the Honorable State Board of Equalization:

GENTLEMEN—Your committee on Assessment of Capital Stock of Corporations other than Railroads, having carefully examined the sworn statements of capital stock, schedules and other evidence laid before it, begs leave to report the result of its labors in schedules "A," "B" and "C" which are made a part of this report:

Schedule "A" shows the valuation and assessment upon the capital stock, including the franchise of companies and associations therein named, being the equalized value of the capital stock, including the franchise over and above the equalized assessed value of the tangible property assessed by the local assessors. In the case of many corporations named in this schedule the sworn statement of capital stock required by section 32 of the revenue law was not made, and in all such cases your committee made an assessment of capital stock from the best information obtainable.

Schedule "B" contains a list of corporations and associations making returns which your committee has carefully examined and finds, after valuing the capital stock and franchise of said corporations and associations, that in the case of each of said corporations and associations the equalized value of the tangible property assessed by the local assessors, your committee finds that after deducting the equalized assessed value of the tangible property from the value of the capital stock and franchise, there is no capital stock to assess by this board; your committee has therefore included all such companies and associations in schedule "B."

Your committee would further report that it has examined the statements, schedules and other evidence laid before it in the case of each of the corporations and associations named in schedule "C" and after such examination no assessment of capital stock is made because we are satisfied from the evidence before us that each of said corporations named in said schedule "C" is exempt from assessment on capital stock under the provisions of the fourth paragraph of section 3 of the revenue law, said companies being incorporated either for purely manufacturing purposes or for the mining and sale of coal, or printing or publishing newspapers, or for the improving or breeding of stock, and corporations that are exempt under other acts or incomplete.

Respectfully submitted,

S. M. BARNES, *Chairman*,
R. CADLE,
F. P. MARTIN,
GEO. F. MCKNIGHT,
JOHN S. CRUTTENDEN,
LOUIS D. HIRSHEIMER,
JAMES J. MCCOMB,

Committee on Assessment of Capital Stock of Corporations.

Mr. Rogers, chairman of the Committee on Assessment of Railroad Property, presented the following report from said committee:

SPRINGFIELD, ILL., Dec. 21, 1904.

To the Honorable State Board of Equalization:

GENTLEMEN—Your Committee on Assessment of Railroad Property respectfully report that they have carefully examined the schedules and statements furnished by the various railroad companies and by the Auditor of Public Accounts of railroad property denominated by law "rolling stock" and "railroad track," and have included in the assessment against said companies, respectively, all lands, lots and blocks described and included in the respective returns of said railroad companies as a part of Schedule "A" of railroad track, and have also included in such respective assessments all of the side or turnouts and second tracks, and all station houses, depots, machine shops or other buildings and improvements belonging to said railroad companies, respectively, on said lands, lots and blocks so described in said Schedule "A" of railroad track.

Your committee would further report that they have assessed, according to the rules and principles adopted by this board, the capital stock, including the franchise, of all the railroad companies contained in Schedule "B," which is made a part of this report.

Your committee further reports that they have valued and equalized the capital stock, including the franchise, of each and every railroad company created under the laws of this State, in accordance with the rules and principles adopted by this board for the assessment of capital stock of corporations, including the franchise, and we find that as to all of said railroad companies (except those included in Schedule "B") the equalized valuation of tangible property is equal to or exceeds the equalized valuation of the capital stock, so that the assessment of the tangible property of said railroad companies (except those included in Schedule "B") leaves nothing to be assessed as capital stock.

Respectfully submitted,

T. S. ROGERS, *Chairman*,
 ALLEN C. TANNER,
 GAINES GREENE,
 E. H. MARSH,
 W. A. WALL,
 A. M. BURKE.

Respectfully submitted,

W. A. WALL, *Chairman.*
R. CADLE,
A. M. BURKE,
Auditing Committee.

Mr. Wall offered the following resolutions, which were adopted:

Resolved, That the secretary of this board is hereby instructed to prepare a tabular statement showing the aggregate value and aggregate equalized value of each class of property, with the average rate per cent of increase or decrease, in each county in the State, the aggregate equalized value of all property assessed by the board, and the grand aggregate equalized value of all property assessed for the year 1904. Also a tabular statement showing the aggregate assessment of the property of each railroad company and corporation. Said statement to be included in the published proceedings of this session of the board.

Resolved, That the secretary is hereby directed to prepare the proceedings of this session of the board for publication, and superintend the printing of the same, as required by law, and that the secretary be allowed a per diem of 200 days for services performed by him prior to, during and succeeding the present session, and for all services to be performed by him as hereinbefore provided, in connection with the completion of the work for the present session.

Resolved, That the secretary is hereby instructed to prepare and complete the tabular statements of assessment of the year 1905, as required by law, and furnish a copy thereof to the printer in time for the printing to be done by the first day of the session of the board in 1905.

Mr. Burke offered the following resolution, which was adopted:

Resolved, That the chairman and secretary are hereby instructed to certify to the Auditor of Public Accounts the assessment of railroad property and capital stock of corporations made by the board, together with rates of equalization as adopted by the board.

Mr. Scully offered the following resolution, which was adopted:

Resolved, That the thanks of this board be extended to the honorable chairman and secretary of the board for the able, courteous and impartial manner in which they have performed the duties of their respective positions, and the many personal kindnesses extended to the members. And we further heartily extend our thanks to the clerks of the committees for the able, efficient and satisfactory manner in which they have discharged the arduous and intricate duties of their respective positions and their courteous treatment of all the members.

The minutes of today's session of the board were read and approved.

On motion of Mr. Cadle,

The board adjourned *sine die*.

RULES OF ORDER.

Rule 1. The chairman shall take the chair at the hour to which the board may have adjourned. *Provided*, that in the absence of the chairman, the board may elect one of its members temporary chairman, who shall preside, have the same powers, and perform the same duties as the chairman; shall immediately call the board to order, and on the appearance of a quorum shall cause the minutes of the preceding meeting to be read, and the following order of business to be observed:

First—Petitions and communications.

Second—Reports of committees.

Third—Resolutions.

2. The chairman shall decide all questions of order, subject to an appeal to the board at the request of any two members. When an appeal is taken the chairman may address the board upon the point of order in dispute, and the question shall be put, "Shall the decision of the chair stand?"

3. When a motion is made and seconded, it shall be stated by the chairman or secretary before being debated.

4. Every motion shall be reduced to writing, if the chairman or any member requires it, and any member may call for a statement of the question, which the chairman may give sitting.

5. After a motion is stated by the chairman or read by the secretary, it shall be considered as in the possession of the board, but may be withdrawn by the member making the motion, by leave of the board, before decision.

6. While the chairman is putting the question, no member shall walk across the room; and while a member is speaking, no member shall pass between the member speaking and the chair.

7. When a member is about to speak in debate, he shall rise from his seat and address the chair, and when two or more members shall rise at the same time, the chairman shall name the member who shall speak first.

8. No member shall speak more than twice on the same question, nor more than once without leave of the board, until every member wishing to speak shall have spoken.

9. When the debate or discussion of a question shall have been concluded, the chairman shall put the question in this form, to-wit: You who are of the opinion (as the case may be), say "Aye;" those of the contrary opinion say "No;" and the yeas and nays may be called and entered upon the journal at the request of any member.

10. If the chairman doubt, or a division be called for, the members shall decide by rising—those in the affirmative first, and afterwards the negative—and the chairman shall determine by count, telling the number.

11. Every member present when the question is put shall vote, unless excused by the board.

12. In case there is not a quorum present, any number of members shall have power to adjourn; six to call the board to order and send for the absent members.

13. Upon the call of the board, the names of the members shall be called by the secretary, and the absentees noted; after which the absentees shall again be called, and those for whom no excuse, or an insufficient one, is made, shall not receive a certificate of attendance for the time he or they shall have been absent.

14. No member shall absent himself from the board without leave.

15. When a question is under consideration no motion shall be received except to postpone, lay on the table, amend, the previous question, commit or adjourn.

16. A motion to adjourn shall always be in order, and shall be decided without debate.

17. The previous question shall be put in this form: "Shall the main question be now put?" and until it is decided shall preclude all amendments or debate. When, on taking the previous question, the board shall decide that the main question shall not now be put, the main question shall be considered, as still remaining under debate. The effect of the main question being ordered, shall be to put an end to all debate, and bring the board to a direct vote—first upon all amendments reported or pending, being first applied to the amendment last moved, and then on the main question. The board may, at any time, by a majority vote, close all debate upon a pending amendment, or an amendment thereto, and cause the question to be put thereon, and this shall not preclude further amendment or debate upon the main subject.

18. Any member may call for a division of the question when the sense will admit of it; and when the question be considered divisible by the chair, the same shall be divided, from which decision of the chair an appeal may be taken by any member as a point of order.

19. In forming the committee of the whole, the chairman may leave the chair and appoint a chairman to preside.

20. The rules or proceedings in the board shall be observed in committee of the whole, so far as may be applicable.

21. In all cases not provided for in these rules, the rules of parliamentary practice comprised in Cushing's Manual shall govern.

22. The committee of the board shall consist as follows:

First—Committee on equalization of personal property.

Second—Committee on equalization of lands.

Third—Committee on equalization of town and city lots.

Fourth—Committee on assessment of railroad property (including the capital stock of railroads).

Fifth—Committee on assessment of capital stock of corporations.

Sixth—Committee on general equalization.

Said committees shall be appointed by the board and shall not be changed during the present membership of this board, except to fill any vacancy that may occur by death or resignation.

23. Upon the completion of the work of either of the first three mentioned committees, their report shall be submitted to the board, where said report shall be open to alteration or amendment by the board, or in committee of the whole, for at least 48 hours after the same has been reported, after which it may be referred to the committee on general equalization.

24. After the report of the first three named committees shall be referred to the committee on general equalization, it shall be the duty of said committee to compare the values of the different classes of property with each other, and make such alterations as said committee shall find necessary to equalize the different classes of property with each other, and report its action thereon to the board. *Provided*, that for a more equitable equalization of the different classes of property, as aforesaid, if it is thought necessary by said committee to make any changes in the classification of property, as found in the several reports, such changes shall be reported to the board for instructions thereon before making final report.

25. When the committees on the assessment of railroad property and the capital stock of corporations, make their final reports, said reports shall lie over two days for the inspection of the members of the board.

26. That a committee of three be appointed by the chairman of the board, to be designated as the auditing committee, whose duty it shall be to investigate and report all expenditures of money ordered by the board.

27. That the hour of meeting of this board, unless otherwise ordered, shall be 9:00 o'clock a. m.

28. These rules may be altered or amended by a vote of two-thirds of the board, by the member or members wishing such changes or amendments giving one day's notice of the same in writing, setting forth the changes and amendments contemplated and said rules may be suspended at any time by a two-thirds vote of the members present.
